#### Luggage and Offroad trailer covers (1-year Limited Warranty)

Please note: Covers are NOT customized to be snug and close-fitting due to the wide range of existing and new trailer sizes. Each cover's dimensions are developed to combine a wide selection of Models and will therefore be loose-fitting. An incorporated underside elastic draw-cord plus tie-backs ensure that the cover remains fixed to the vehicle during storage. Please measure the trailer (including towing frame) before you purchase the cover nearest to size.

**We can supply custom sizes as well. See T's & C's on the last page of the price list**

## DOMESTIC REFLECTIVE FLYSHEET *DTRT33*
